Edw Clark, Esq.,

Architect of the Capitol,
Dear Sir:

Parties
in New York are making
arrangements to exhibit our
 paintings in that city at
their own risk, the exhibition
to be of a permanent character.
While we shall wish to
place Davis' "Washington - A
Dorchester Nights" in that
exhibition, yet I am free to
say to you, that both Davis
and myself would like exceedingly

to have it brought by the
trustees, and hung permanently
in the Corcoran Gallery,
where we had rather have
it than ^{even} at the Capitol.
I think there would be no
difficulty about the price,
if you should have any
desire to own it.

Quins wishes me to say,
that he views it's purchase
by you as the primary
thing, and the price secondary.
He will readily do any
work on it that may be
necessary to entirely fit it
for the light in which you
might wish to hang it; and

also to perfect the portrait,^{2693 3}
in view of any just
criticisms that might possibly
have been advanced, while
it has been on exhibition
in Washington.

On my reading to my
brother what I have written,
we do not hesitate to say
to you, Sir, that we should
have much reason for grat-
itude if the painting were
purchased - at such price
as you might yourselves
fix. Aside from pecuniary
considerations it would
very greatly aid us in

in the progress of
our art work.

Very Truly Yours,

Yours Cobb,

Mr McLeod,

Dear Sir

In my
possession is a miniature
of Mr. Gibson the artist
and my former teacher in
Art. The miniature is a
copy of one painted by
Joe. Wood and a fine piece
of coloring painted by myself
under Mr. Gibson's instruc-
tion. I propose to make
a like size copy in oils
and present it to the
Corcoran gallery if you
think it will be acceptable.

I think it would be a
nice thing to have the
portraits of such artists
as were natives and life
residents of Washington
to place in the gallery
The Woods and your
own among the number.

I think my former
teacher, Mr. Gibson (Geop)
was that his given name?
was a man of great gifts
in art, but by circumstance
as and his own modest
and retiring nature un-
known to the world. I

wish some of his exquisite
landscapes could be placed
in your gallery.

Yours respectfully
Mrs. A. Gulick
née Milligan

Sir:

I am much obliged for your kind favor. The photograph has also come to hand. It is too small to be of use, but since you were so kind as to send it & to write I will keep it & I enclose stamps in payment -

I am glad to find that you wrote the article in the Record, & I still hope to see others from your hand upon other treasures of your Collection.

May I trouble you to advise me where this story or incident of "Rosa & Angelica" may be found: it is the one I allude to. Sincerely,
Frederic Cudde

Will you be so kind as to inform me where I can obtain a photograph of Bary's "Roger and Angelica", now in your gallery, I believe. I was much interested in the Art Review article a year or two ago, and would like to obtain a photograph--or better yet a copy in terra-cotta or plaster. But I fear that the question as to whether any such copies exist would be an impertinent one, almost if not wholly so.

Awaiting your esteemed favor, I remain

Respectfully yours
Ferdie Loyd.
